Pearl River

GP 186

Performance Series Grand Piano

From its distinctive silver plate to the 45-degree side arms to the ornate music rack, this beautiful instrument symbolizes the ultimate in international design. The distinctive GP 186, Deluxe Conservatory Grand, brings the heritage of European design and workmanship into perfect balance with the latest in piano building technology.

The Pearl River Piano Group is the fastest growing piano company in North America. Importing acoustic pianos to this market since 1999, Pearl River has earned a reputation for quality and responsive service that has firmly established the brand as an outstanding value in the industry. Pearl River has a team of US based technical specialists providing immediate service support.

Pearl River manufactures pianos in the world's largest piano factory in Guangzhou, China. With over 4,000 employees and more than 3,000,000 square feet of factory space, Pearl River has the capacity to produce over 100,000 pianos a year. It was the first piano factory in China to be awarded the distinguished ISO 9001 Certification for quality control systems and is the sole piano brand certified as The Renowned Trademark in China. Pearl River exports to more than 60 countries.
