Pearl River

T3 Vertical Piano

Lothar Thomma, the renowned European piano designer, has just completed this special edition piano for Pearl River. Combining traditional craftsmanship and the latest in music technology, the T3 delivers concert hall sound quality from a small room-sized cabinet. Röslau strings, satin sharps, selected Japanese Ambic Wool hammers and a solid maple capped, vertically laminated bridge distinguish this remarkable new design.

The Pearl River Piano Group Ltd. was established in 1956 and has rapidly grown to become one of the world's leading piano manufacturers. Today with nearly 4,000 employees and over 3 million square feet of production space, Pearl River has the capacity to manufacture over 100,000 pianos per year.

Pearl River is proud to be the first piano factory in China to be awarded the ISO 9001 Certification for Quality Control Systems and was also recently awarded ISO 14001 for Environmental Management System Compliance.

Specifications:*

Action:	<i>Pearl River Direct Blow</i>
Action Rail:	<i>Extruded aluminum</i>
Backposts:	<i>Spruce</i>
Bridges:	<i>Laminated maple with solid maple cap</i>
Fallboard:	<i>Standard</i>
Hardware:	<i>Chrome</i>
