UP 118E

Professional Series Vertical Piano

Big, bold, concert quality sound comes naturally to this clean, classically designed piano. The rich, furniture finish and solid construction make this a beautiful addition to any professional music environment. As with all Pearl River pianos, you get the finest materials combined with precision engineering comparable to the most prestigious brands at a fraction of the price.

The Pearl River Piano Group, Ltd. was established in 1956 and has rapidly grown to become manufacturer of the world's best-selling pianos. Today with nearly 4,000 employees and over 3 million square feet of production space, we have the capacity to manufacture more than 100,000 pianos per year. Additionally, we produce an extensive array of orchestral instruments.

We are proud to be the first piano factory in China to be awarded the distinguished ISO 9001 Certification for Quality Control Systems, as well as ISO 14001 for Environmental Management Compliance.

Our mission is to continue our commitment to the highest quality in the industry. Our promise is to deliver to you, our customer, an heirloom quality instrument worthy of you and the generations of your family to follow.
