Vertical Piano

Ritmüller pianos were originally produced in Germany where they established a reputation for innovation and quality that began in 1795. Today the brand is proudly manufactured in Guangzhou, China with a dedication to craftsmanship and state-of-the-art design that reflects both its aristocratic tradition and future-focused commitment to the latest in design & music technology.

Ritmüller pianos are built in the world's largest piano manufacturing center which was the first piano factory in China to be awarded the distinguished ISO 9001 Certification for Quality Control Systems and was also recently awarded ISO 14001 for Environmental Management System compliance.

Ritmüller
Since - 1795

Created by master piano designer, Lothar Thomma, this French traditional console with cabriole styled, curved legs, and period furniture style music desk, brings the very latest in music design and technology to a piano that captures the essence of a truly authentic French tradition. Elegant curved molding treatments for the top, capitals and returns plus molded and curved panel inserts complete the concept.
